The Southeastern Massachusetts Amateur Radio Club (SEMARA) Scholarship is available to members and their dependants and high school seniors living in Southeastern Massachusetts.

We wish to promote amateur radio by providing supplemental funding to a student who plans to attend college and study electronics, radio, television, or a technical subject sufficiently related to amateur radio. An applicant need not hold a valid amateur license though preference will be given to those who do. Each year a minimum \$500 award will be given.

Applicants can download the scholarship application and instructions at

[www.semara.org](http://www.semara.org)

Winners or their representative will be required to attend our May business meeting and read their essay to receive their award.

All forms must be postmarked no later than March 1.

Yours truly
