Grade 8 – Supply List

Welcome 8th graders. We are looking forward to a great year. It is a very important year for you as you will be preparing for high school. Before you know it, you will be deciding which high school to go to and filling out applications. You will also be taking MCAS tests in language arts, math, and science and technology. It is our goal as your teachers to work with you and prepare you for these significant events.

Since it is important that you get off to a good start, we have compiled a list of materials you will need for your academic classes. It is suggested that you color coordinate your subject folders and notebooks (Example: red folder and red notebook for one subject, blue folder and blue notebook for another, etc.) to help you be more organized. Being prepared will help you be successful.

Math

2 two pocket folders
Notebook
Scientific calculator (TS 30X is good)
